For 30 years, Hollywood Community Housing has been building stories of hope for over 2,200 people who live in our 28 properties and who thrive because of affordable housing with supportive services. We will soon complete the construction of three new buildings to serve an additional 750 people who have experienced housing instability or homelessness.

Your support today would mean that you too are part of the solution to the most pressing problem of our time — homelessness and the lack of quality affordable housing.

Sponsorship opportunities enclosed.

For more information or to support, please contact Neslie Akkol at nakkol@hollywoodhousing.org or Sarah Letts at sletts@hollywoodhousing.org.
